About the Project

The philosophy of Ocean Life is inspired by the fascinating nature and deep blue waters of the Mediterranean and based on the golden ratio; a concept that continues to open new doors to humanity since its first days in terms of rationalizing the universe and life itself.

Centered on the golden ratio which has been accepted as the order relation that gives the best harmony and proportions in art and architecture since ancient times, Ocean Life creates the most perfect, most consistent life in the Mediterranean based on the understanding that the sacred architecture and geometry of nature is aesthetic, proportional, balanced, rhythmic and harmonious.

Ocean Life offers the most magnificent life of the island the moment you step out the door with its lush green gardens, swimming pools, the City Park where you can take peaceful walks intertwined with nature, indoor and outdoor car parks, indoor and outdoor social areas, fitness club, market, restaurants and cafes, as well as a private pier within walking distance and a spectacular beach
