About the Project

Located in Erenköy at the entrance of the Karpaz Peninsula, this project will enrich your life with its sophisticated details that combine luxury and comfort, like waking up every morning to the crisp air of the Mediterranean and breathtaking sea view.

The Erenköy region, which harbours many historical and cultural heritage sites located at the entrance of the Karpaz Peninsula, stands out with its clean air and untouched nature, where every shade of green and blue can be found.

In recent years, the Erenköy region has become a rare location attracting locals and tourists alike, consequently increasing the value of AKOL MARINE with each passing day.

Located on the only zoned land of the region, this luxury project is accompanied by Karpaz Gate Marine, the largest and magnificent marina of the island. 24 villas, each more luxurious and comfortable than the other, with an indoor area of 176 m², are located on a total of 14,860 m² land, 9,500 m² of which is green space.

With the wide-angle view provided by its unique architectural design, you will always feel yourself in green and blue landscapes. You will be able to cool off in your 24m² detached pool and enjoy the first rays of the sun and sunset on your 74 m² terrace with a unique view and 6 m² balcony.
